AUDIO-VISUAL NEEDS

Audio-Visual

- Justin requests a wireless handheld microphone.
- Justin does not speak behind a lectern, so he prefers it to be either off the stage or off to the side of the stage.
- Justin prefers to have bottled water on the lectern but if this not an option he will bring his personal water bottle on stage.
- Please provide an LCD projector and screen with the ability to play both video and sound.
- Justin uses his MacBook and has both VGA and HDMI adaptors.
- Justin normally arrives one hour before his presentation for A/V check. However, he will work with you to schedule a time that works best for you.
- Justin's preference is to have theater style for room set up, however, he can work with any room style (rounds or classroom).
